## The Opportunity for a Better Life.

Everyone deserves a chance at a decent life. But for too many in the Dominican Republic, that chance doesn't exist. **Enter us, the Dominican Aid Society of Virginia.** We strive to help these impoverished communities become self-sustaining. And we do so by listening to the community's needs through committed, long-lasting aid relationships.

*So, take a tab. Join our fight. And let's give them a fighting chance.*
